

## CONFERENCE OBJECTIVES, ABOUT THE CONFERENCE, PRESENTED BY, WHO SHOULD ATTEND & CERTIFICATION

### CONFERENCE OBJECTIVES

At the end of the conference, participants should be able to:

- Describe gaps in knowledge in geriatric oncology research and mechanisms to close gaps as determined by the NIH-sponsored U13 conference series.
- Cite three elements of the geriatric care model. Identify two positive outcomes of geriatric care models for older adults.
- Choose a measure to follow effectiveness of infection control in own facility. Evaluate policies and practices in light of recommendations for infection prevention.
- Identify ways in which medical goals of care can help facilitate the care planning process in nursing homes. Describe how goals of care can be used to help support surrogate decision making for specific medical treatments.
- Identify at least two methods long term care providers can use to promote the resident's needs as the focus of care and at least two methods providers can use to alter unrealistic family expectations.
- Identify indications and contraindications for use of chiropractic care in older adults. Recognize the potential value for the role of chiropractic care in community dwelling and institutionalized older adults.

### ABOUT THE CONFERENCE:

This conference will provide geriatric health professionals throughout the continuum of care with clinical and practical topics relevant to health practice with older adults. These topics were selected because they represent areas of need as identified by participants and faculty who provide health care to older adults. Some topics represent increasing clinical concerns in the geriatric population. Other topics represent areas that have important policy and cost implications for health care providers and ultimately affect the way services are provided to older patients.

### WHO SHOULD ATTEND:

This conference is for health care providers from all disciplines. These include physicians, physician assistants, medical directors, social workers, nurses, nurse practitioners, occupational therapists, physical therapists, nursing home administrators, dental professionals, audiologists, chiropractors, podiatrists, recreational therapists, health care students, faculty and any other professionals interested in the field of aging.

### CONTINUING EDUCATION ACCREDITATION / CERTIFICATION:

The University of Rochester School of Medicine and Dentistry is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Rochester School of Medicine and Dentistry designates this educational activity for a maximum of 5 credits AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
